Creating Fearless and Inquisitive Educators

*Olivia's keynote exceeded expectations.
Superintendent Manchester Township District*

Olivia Odileke

Keynotes

BECOMING A FEARLESS + RESILIENT EDUCATOR

Learn how to bounce back and forward to overcome any setback that may arise as an educator. Educators will leave the program knowing how to overcome fears, concrete ways to respond to adversities, and a new vision of how to see and bring out the real potential of their students. Let's inspire more fearless educators to conquer any situation with confidence.

ARE YOU CURIOUS: BECOMING AN INQUISITIVE EDUCATOR

This experiential keynote answers the question: of why piquing curiosity is the holy grail of teaching. Educators will experience an inquiry task, revisit the role of teachers in sparking students' curiosity and discover ways to connect real-world experiences to key concepts of a subject. If you want your attendees to feel inspired to pique curiosity more intentionally in their practice this is the keynote that will deliver immediate results.

ABOUT OLIVIA

Olivia Odileke loves making Ed Tech and teaching easier by helping teachers find the why. For over 15 years she worked as an educator at Title 1 schools in Florida. She has personally trained over 10,000 teachers and continues to seek ways to innovate education. She is the author of the Beginner's Guide to Nearpod and soon-to-be-released Spark Student's Curiosity with Quick Inquiry Tasks. All her experience has led her to become a fearless educator who is on a mission to transform education one teacher at a time.
